Your only friend comprehends, but doesn't blindly believe
Your only friend is the halogen by which you see
Your only friend is a misguided visionary
Your only friend is sometimes imaginary
Your only friend knows just when to ground you in reality

Your only friend won't descend and crush you like the Pharisee
Your only friend don't depend on the parting of some sea
Your only friend isn't on the radio
Your only friend doesn't watch any reality shows
Your only friend won't suspend all of your fantasies

Your only friend, baby
He's your only pal
Your only friend, maybe
They'll let you get away with more than others will allow
It's just your only friend...

solo

Your only friend will defend you from your tragic destiny
Your only friend is the trend that carries your symphony
Your only friend is trying to get it right
Your only friend is a soul that is sleeping in light
Your only friend is the oxygen for all your sympathies

Your only friend, I know him well
(And he's sitting alone by the side of the night)
Met him deep inside your wishing well
(And he's waiting to know how to do you right)

Your only friend, I know him well
(Where the souls of the lonely are sleeping in light)
Met him deep inside your wishing well

Your personal hell
